Please read the following carefully and sign below.

Copays, Coinsurance, Deductibles and Outstanding Balances:

Copays, coinsurance, deductibles and outstanding balances not covered by insurance are due prior or at the time services are rendered. Payment can be made by check, cash, MasterCard, VISA, American Express and Discover. Additionally, you may be eligible to finance amounts which you owe for services rendered through a third-party financial institution. Inability to pay at the time of service may result in having to reschedule your appointment.

Referrals: It is your responsibility to obtain a referral from your primary care physician. Referrals must be presented at the time services are rendered, if applicable. If you need to have a referral faxed to us, our office will provide you with our fax number. If your insurance plan requires you to have a referral or other authorization, and you fail to provide that to us, your appointment will be rescheduled or your claim for that date of service will be processed via opt-out benefits, if applicable.

Insured Patients: For those insurance companies with which we are contracted (where we are considered a participating provider), we will submit a claim on your behalf for the services we provide. Any copays, coinsurance, deductibles and outstanding balances must be paid in full prior to or at the time of service. We recommend that patients contact their insurance carrier for specific questions related to your Explanation of Benefits.

For those insurance companies with which we are not contracted (where we are considered non-participating), we require payment in full for all services provided at the time of service. We will provide you with an itemized statement indicating the services rendered our fees, and your payment responsibility. You can submit this statement to your insurance company for reimbursement.

Self-Pay Patients: Payment for service is due in full at the time of service unless other arrangements have been made with our Patient Accounting Department.

There is a separate policy for self-pay elective surgeries – Elective Surgery Scheduling and Payment Policy.

Diagnostic Testing: During the course of your medical treatment with Chesapeake, including your office visit and/or surgical procedure, your urologist may request that a tissue, blood or urine specimen be obtained for the purpose of diagnostic testing. This testing is being performed in order to assist your urologist in the diagnosis and management of your urologic condition.

Depending upon the requirements of your insurance coverage, these specimens may be processed at 1) Chesapeake’s in-house pathology laboratory or, 2) at a third-party laboratory, for example Quest or LabCorp.

The costs of these laboratory tests vary depending upon the nature and complexity of each test. The cost for a diagnostic test, including the cost that you will be required to pay, if any, depends on your insurance carrier and the type of insurance coverage you have.

Please note: 1) All charges for specimens processed at Chesapeake's laboratory will be included in the statement you receive from Chesapeake; 2) Charges for specimens processed at a third-party laboratory will be billed to you directly by that laboratory.

No Show/Same Day Cancellation Policy: A \$25 missed appointment fee will be charged to you for any missed appointment where you fail to cancel a scheduled appointment at least 24 business hours prior to the time of that scheduled appointment. The fee will be your responsibility to pay and will not be billed to your insurance company. This policy also applies to any appointment for a procedure to be performed at a Chesapeake surgical center facility except that the missed appointment fee charged to you will be \$100.

Account Balances: Our office provides you with monthly statements of all account activity including our charges, payments and contractual adjustments from your insurance carrier along with payments made by you. We will charge you a returned check fee as provided by Maryland law if any payments that you make to us are returned due to insufficient funds or a stopped payment.

Please note that failure to pay outstanding balances that are your responsibility may result in (a) rescheduling of a future appointment (b) forwarding of your account to a collection agency or collection attorney of our choice, which may result in additional fees to you including attorney's fees equal to 40% of your outstanding balance, (c) reporting you to one or more third-party credit reporting agencies, and (d) termination from the practice.
